Lexmark C2335

Exceptional performance, secure and sustainable

Lexmark C2335

With exceptional performance and secure design, the C2335 printer delivers enhanced productivity, up to 35/33 ppm* on letter/A4 paper and toner yields up to 20,000 pages mono**, and up to 11,700 pages colour**. Engineered for long life with environmental certifications and advanced power management, this efficient model offers many sustainability benefits. Fast time to first print, superior print quality and easy-to-use touch screen.

Secure by design

Lexmark expertise helps customers protect their data, their device and their network. Our security ecosystem is designed to overcome the most complex data challenges. And now we've added the Trusted Platform Module (TPM)***, which includes on-board authentication, system integrity checks, and cryptographic capabilities to create a unique digital system fingerprint. TPM meets stringent industry and US government security standards including Common Criteria and Federal Information Processing Standard (FIPS).

Proprietary technology

We own core technology across hardware, firmware, services, and solutions, creating seamless connections designed to reduce the risk of security gaps between your document, your device and your network. Our expertise is our customer's benefit.

Sustainability

With certifications in Energy Star®, Blue Angel, RoHS, EPEAT® Silver, C2335 is sustainable for today and beyond. Lexmark is an industry leader of recycled content with products using at least 35% PCR content and continual focus on improvement. This line is also engineered for Long Life and designed to last and reduce waste.

Intelligent Design

Every touch point is designed to withstand high usage while meeting accessibility standards. Steel frames support the device and provide durability to help ensure consistent long-

term performance. Products are designed for long service life with long-life components. Servicing is easy with few tools required.

Manageability

These IoT-ready devices can be remotely managed, including setup, configuration, consumables management, and diagnostics. Wireless capability gives freedom of access and remote firmware updates make it easy to upgrade to the latest apps and security features. Our mobile printing app makes it easier to monitor and manage your print jobs from remote locations, all from the touch of your phone.

Ongoing professional product support

From easy installation through a lifetime of producing high volumes of pages, you'll find our devices easy to use and intuitive. Instructional on-product support videos and simple colour-coded guidance for maintenance tasks like changing toner make our device experience world-class.

¹ Print and copy speeds measured in accordance with ISO/IEC 24734 and ISO/IEC 24735 respectively (ESAT). For more information see: www.lexmark.com/ISOspeeds.

² "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage. ³ "Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs. ⁴ Product functions only with replacement cartridges designed for use in a specific geographical region. See www.lexmark.com/regions for more details. ⁵ Average yield based on approximately 5% print coverage. ⁶ Printers are sold subject to certain license/agreement conditions. See www.lexmark.com/printerlicense for details.
